

Certificate of Achievement

Krishnakumar Gopalakrishnan

has completed the following course:

PROGRAMMING FOR EVERYBODY (GETTING STARTED WITH PYTHON)
UNIVERSITY OF MICHIGAN

This course explored the basics of programming computers using Python 3. We introduced variables, conditional execution, repeated execution and how to use functions.

6 weeks, 4 hours per week

Charles Russell Severance
Professor, School of Information
University of Michigan

The person named on this certificate has completed the activities in the attached transcript. For more information about Certificates of Achievement and the effort required to become eligible, visit futurelearn.com/proof-of-learning/certificate-of-achievement.

This certificate represents proof of learning. It is not a formal qualification, degree, or part of a degree.

Krishnakumar Gopalakrishnan

has completed the following course:

PROGRAMMING FOR EVERYBODY (GETTING STARTED WITH PYTHON) **UNIVERSITY OF MICHIGAN**

99%
OVERALL
SCORE

This course explored the basics of programming computers using Python 3. We introduced variables, conditional execution, repeated execution and how to use functions.

STUDY REQUIREMENT

6 weeks, 4 hours per week

LEARNING OUTCOMES

- Describe the basics of the Python programming language
- Use variables to store, retrieve and calculate information
- Install Python and write your first program
- Utilize core programming tools such as functions and loops

SYLLABUS

- Understanding a program
- Using variables in programs
- Conditional execution (if statements)
- Repeated execution / looping (for statements)
- Functions and code reuse
